

MARRY ME OR BURY ME

**Marry me or bury me
There is no other choice
You're the only girl for me
Say "yes" and I'll rejoice
Say "no" and I'll lay down to die
And draw my final breath
Marry me or bury me
It's a case of life or death**

**Cause there are no other arms
To hold me quite so tight
And keep me warm and cozy
On a cold December night**

**There are no other lips
To kiss me quite so sweet
Well you could brush me with a feather baby
And knock me off of my feet**

**Now is the time
This is the place
And I'm on bended knee
To offer you this diamond ring
With this one simple plea**
